

Chartered College of Teaching

Membership Handbook v.2.14

September 2025

Introduction

- 1) This Handbook sets out the process for applying for the various grades of membership of The Chartered College of Teaching ("the Chartered College"), the criteria to be applied in considering applications and the subscriptions and fees applicable to each grade. It is produced in accordance with Regulation I.2., and is subject to the Charter, Bye Laws and Regulations of the Chartered College for the time being in force.

Grades of Membership

- 2) The Chartered College currently has the following grades of membership. All members are required to support the aims of the Chartered College. No person may be in more than one grade of membership (other than an honorary grade) at the same time. Entry into a grade of membership is based on the member fulfilling the criteria in force at the time they enter that grade. Subject to payment of subscriptions, members have a right to remain in a grade of membership unless removed for disciplinary reasons. This is not affected by subsequent changes to entry criteria or the status of the member.

b) International Affiliates

h) Honorary Members and Fellows (HonMCCT and HonFCCT)

- 3) Affiliates, Students and Associates are non-voting members of the Chartered College. Members and Fellows are full, voting Members of the Chartered College. Honorary Members and Fellows

do not have a vote in that capacity, but Honorary membership may be combined with substantive membership in one of the above grades.

This applies to application by Nomination to the Fellowship.
- 11) Applications for membership will only be accepted if the applicant has paid the relevant membership subscription (other than in the case of Fellowship) and fulfils the criteria for the grade of membership.
- 12) The Chartered College may carry out checks and request such further information as it reasonably requires for the purpose of determining the eligibility of an applicant for membership.
